Semester V)

MERN

Roll No.: T041	Name: Roshni Shahu
Class: TYIT	Batch: 1
Date of Assignment: 30-6-26	Date/Time of Submission: 30-6-26

Aim - To install and configure the Node.js development environment and develop a simple Student Result Management System using basic JavaScript concepts.

Problem Statement - A school wants to develop a simple using Node.js. Create a Node.js application that calculates and displays a student's result by applying basic JavaScript concepts.

CODE

```
let studentName = "Roshni";
let rollNo = 41;

let marks = [80, 90, 85];

function totalMarks(arr) {
  return arr[0] + arr[1] + arr[2];
}

function percentage(total) {
  return total / 3;
}

let total = totalMarks(marks);
let percent = percentage(total);

let grade;

if (percent >= 90)
  grade = "A+";
else if (percent >= 80)
```

```
    grade = "A";
else if (percent >= 70)
    grade = "B";
else if (percent >= 60)
    grade = "C";
else
    grade = "Fail";

console.log(`Student Name: ${studentName}`);
console.log(`Roll Number: ${rollNo}`);

console.log("Subject Marks:");
for (let i = 0; i < marks.length; i++) {
    console.log(`Subject ${i + 1}: ${marks[i]}`); }

console.log("Total Marks:", total);
console.log("Percentage:", percent + "%");
console.log("Grade:", grade);
```

OUTPUT

```
PS C:\MERN Practical> node student.js
Student Name: Roshni
Roll Number: 41
Subject Marks:
Subject 1: 80
Subject 2: 90
Subject 3: 85
Total Marks: 255
Percentage: 85%
Grade: A
```
